William E. Kennard, Chairman
Federal Communications Commission
1919 M Street, N.W.
Washington, D.C. 20554

Dear Mr. Kennard:

San Francisco Liberation Radio broadcasts our membership meetings in their entirety, providing a valuable resource to San Francisco residents. We support such access to the public airwaves. We strongly urge you to find a way to legalize micro-power radio stations, and furthermore we insist that any action against such broadcasts be based on constitutional, First Amendment grounds, and not on procedural issues.

Sincerely,

David Snyder
Executive Director
