I'm writing to express my for Petition RM-9242 and Low power Community Radio.

KAW 88.9 fm in Lawrence Kansas provides extensive local programming, not available elsewhere, keeping me in touch with my neighborhood, city and local artists, as well as musical diversity and public service announcements (which are fast becoming a thing of the past on most stations). It's crucial that KAW and all other low power stations remain on the air, regardless of their wattage, because of the many specialized services they do provide.

Thank you
