Proposal for Creation of the Low Power FM (LPFM) Broadcast Service

FCC RM-9242

I agree with their comments. One watt is preposterous. Owners should live in the listening area. One person should not own more than three stations. Programming should contain substantial local content (considerably more than one hour a week - try two hours a day - and not at 3:00 in the morning - FCC should pardon converted operators who were not blatantly abusing the waves with violence, profanity, or evil.
