The Honorable Billy Tauzin
House of Representatives
2183 Rayburn House Office Building
Washington D. C. 20554

Dear Chairman William E. Kennard and
Commissioners Susan Ness
Commissioner Harold Furchtgott-Roth
Commissioner Michael K. Powell
Commissioner Gloria Tristani
and The Honorable Billy Tauzin

I read with interest the article in Broadcast and Cable of March 29th, Page 9, regarding the need for help in "crafting new minority recruiting requirements". The low power industry is "an oasis in the middle of the desert for minorities." And I wish to emphasize that minority "is color blind " the greatest thing that the Commission can do for minorities is to give them primary status. Primary status opens up the capital markets as those in the business now have to do it without access of capital. The rules under which Full Power Broadcasting presently exist tend to make mergers profitable, destroys diversity and today we only have eight free program sources. The Low Power industry has had a Petition before the Commission for months giving the bare necessities that LPTV needs over the long term we need your support.

I am enclosing a copy of a minority survey finished in the spring of 1998 among member stations.

One of the leading members of congress said "we certainly encourage industry led initiatives to increase minority ownership in broadcasting," He goes on to say "but there is problem with trying to use taxpayer dollars to subsidize private

No. of Copies rec'd 2
List ABCDE

business transactions." Our Petition does not use taxpayers dollars and takes nothing away from anyone.

Very truly yours,

Sherwin Grossman
