July 22, 1998

Before the Federal Communications Commission
Washington DC 20554

In the Matter of Proposal for Creation of Low Power FM (LPFM)
Broadcast Service FCC RM-9242

To: Federal Communications Commission

Reply-Comments of Arlene C. Kirsch

We respectfully ask the FCC to drop all charges and investigations or grant amnesty to all current unlicensed community broadcasters out of respect for their important, vital, first amendment free speech activities. It is our strong belief that: (1) one watt is not enough for community radio; (2) radio station owners should be required to live within 25 miles of the new stations, and that there should be only one station per owner in order to maximize a diverse and free-wheeling use of the airways rather than stifle speech and culture; (3) LPFM (low power) stations should be allowed for-profit status; and (4) LPFM should be required to provide local content.

Thank you.

Signed: Hugh L. Guilderson
