To: FCC / Mass Media Bureau

Dear Senators,and Congressman,and Lady's:
Please Re-Ply to me by US MAIL

Thank You

There's no way to rule innocent men. The only power any government has is the power to crack down on criminals.
Well, when there aren't enough criminals, one makes them. One declares so many things to be a crime that it becomes impossible to live without breaking laws
The Communications Act's Of 1927 and 1934,Where Enacted to serve Community,Needs and Concerns.
The FCC,has taken those Rules and Regulations,and made them,LAWLESS,Not In Conformity,With Law,they are Illegal,They,apply only to those with great Wealth.
They Have Punished,or to Cause my Wife Olga,Blacks,those Disabled,As Myself,Woman,,and Other Minoritys,to Undergo Pain,The FCC is Punishing Us ,For Not Being Wealthy.
We Can Not Partake In The Radio Industry,Because the FCC has Said """Sorry You Are To Poor To Own A Radio Station,and Also To Stupid Meaning"" We Lack Any Knowledge""".

Senators And Congressman I Employ You To Overhaul This Run A-Way Branch Of My Democracy:.

Its Time For A Senate Hearing

CAN YOU IMAGINE A DAY WHEN YOU WILL BE CHARGED FOR THE AIR YOU BREATHE, WELL, AUCTIONING OFF THE RADIO SPECTRUM TO THE HIGHEST BIDDER IS THE NEXT WORST THING.

We need to attack the auctions as violating the 14th amendment of the U.S. Constitution. Don Schellhardt has already placed these considerations into the official record. Also, the American Civil Liberties Union (Massachusetts) has also filed formal comments on the First Amendment issue. Their comments read like a brief for a court case. We must make the case that the auctions shut the average American completely out of broadcasting. Keep fighting for American freedom.

The FCC wants us to "buy" a frequency that belongs to the public... and then act as if they own the frequency themselves after pocketing the cash.

Only in America.

I'll reserve judgement until I see the FCC proposal. But spectrum auctions defeat the very reasoning behind William Kennard's desire to create an LPFM standard in the first place. LPFM should serve communities... not rich communities... not wealthy voices inside the community... but communities, all.

Subject: To put on Public Record,A Lawsuit Aganist the FCC, for the following:

A.Violations Of My Civil Rights,and Civil Liberties:And Bill Of Rights,And My Constitution:

1.To make Distinctions in Treatment:
2.To show Partiality:
3.To show Prejudice:
4.To Discriminate
5.Dictatorship:
6.Ethnics Violations

The Above Violations are do because The FCC,Has taken the Communications Act's Of 1927 & 1934,Which Where Established for the American People,All The People,not Just The Rich and Wealthy,Radio Conglomerates,The NAB,or Investment Firms.The Act's where created for all people to have an Opportunity,to Compete,on a JUST AND HONEST,PRINCIPAL FOUNDATION.The FCC has Taken the Communications Act's of 1927 & 1934,and used it with Total Disregard Aganist 99.9 % of the Peoples Democracy.

Dear Honorable,Senators,and Congressman:
I as a Constituent,Request you to hold Hearings on the FCC for Violations of the Communications act's of 1927 & 1934,in which they have Discriminated Aganist 99.9% of the American People

The Communications Act's stated explicitly,3 LAWS:the FCC has Broken all 3 Laws,AS NOTED:

1.Stop Chaos: Theres more Chaos now then ever when The FCC lets the NAB have power levels of 10,25,50,100,150,and 200 Hundread Thousand Watts of Power,the purpose of the Communications Act's where for,when a American is granted a FCC Broadcast License,he is to Serve his Community's Needs And Concerns.,the Largest Urban City May require Power Levels of 3000 Watts No More,in other Words there Should be No Radio Station in the United States At this Present Moment with power Levels to Exceed 3000 Watts.the FCC,has broken the LAW for the RICH AND WEALTHY AND THE NAB.

2.POWER LEVELS TO SERVE A COMMUNITY<NOT A WHOLE STATE AND OR STATES>,with

No. of Copies rec'd 0+1
List ABCDE

power levels of 10 thousand and up to 300 thousand Watts,they serve no body but the NAB,and keep Woman,Blacks,and Other Minoritys From Competing,in the Broadcast Industry,Thanks to shrinking technology prices, LPFM RADIO at 50 WATTS can generate an FM radio signal with as little as $500 worth of equipment. But seeking a license from the Federal Communications Commission can require an investment of $100,000 and or up to $300,000.

3.The FCC will Grant A FCC License Only When The Applicant,will Serve its Community,.this is the Biggest,Crime Aganist the American People and the Communications Act's of 1927 & 1934.They The FCC will not grant a License Below 100 Watts WHY???????,.there is no REASON Except the NAB Said SO,

You As My Elected Offical Need To React To This Run Away Branch Of My Government.You Need To,Reveal to the Public,the Crimes For The Last 64 Years:
By the FCC Commissioners
There Policy Makers
There Enforcement Branch
There Attorneys
and any other members of this,very sad independent branch of my Government

Sincerly
