Re: IB Docket No. 98-172; RM 9005; RM 9118

Dear Ms. Salas:

The Independent Cable & Telecommunications Association ("ICTA") received three oppositions – filed by KaStar Satellite Communications Corp., *et.al,* Lockheed Martin Corporation and Hughes Communications, Inc. – to its request for immediate relief from the Commission's proposed September 18, 1998 cut-off date for co-primary terrestrial fixed service designations in the 18.3-18.55 GHz band. In light of the Public Notice issued on November 20, 1998 (International Action, Report No. 98-60, DA 98-2344), ICTA will reply to those oppositions on December 21, 1998.

Respectfully submitted,

Jonathan D. Blake
Erin M. Egan
Attorneys for the Independent Cable & Telecommunications Association
