In the matter of
Proposal for Creation of the Low Power FM (LPFM)
Broadcast Service.
★ Docket No. MM 95-25. ★ 99-25

TO: Federal Communications Commission.

Comments of: Chris COGAN

I support allowing low-power (LP-1000 class) stations to be licenced, as per ★ RM-9242 ★
I want to be able to hear a diversity that is not now available in commercial or non-commercial radio, and for this reason, I think the adoption of this rule would be a good thing, and would in the end benefit everyone.
