Re: Ultra-Wideband - ET Docket 98-153

Dear Ms. Salas:

I am writing you in response to FCC's Notice of Proposed Rule Making of ultra wideband radio technology that could be used to save lives of our Seniors. As Director of Senior Companion program in Middle Tennessee, I definitely feel if this technology could be made available to Seniors and save the life of only one of our Seniors then it would be worth it.

We have 48 Volunteers on our program and 72 clients.

Sincerely.

Willette Maynard
