Operator Dialed Surcharge

Applies a surcharge to Operator Station and Person-to-Person rated calls when the Customer has the capability of dialing all the digits necessary to complete a call, but elects to dial only the appropriate operator code ("0") and requests the operator to dial the called station.

In addition to any service charges, the surcharge applies to interstate intraLATA calls. The surcharge does not apply to:

- Calls where a Customer cannot otherwise dial the call, due to defective equipment or trouble on the Telephone Company Network,
- Calls in which a Telephone Company operator places a call for a calling party who identifies himself/herself as being handicapped and unable to dial the call because of his/her handicap, or
- Telephone Company Calling Card calls.

## LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES TWO-POINT (Cont'd)3.3 Business/Residence Line 800 Service

## 3.3.1 Description

Business/Residence Line 800 Service provides for the termination of inbound toll-free 800 calls over nondedicated business and residence one-party lines. Business/Residence Line 800 Service is provided as an add-on to intrastate intraMarket Area Business/Residence Line 800 Services. Rates applicable to Business/Residence Line 800 traffic originating from stations within a Market Area to a station associated with an 800 termination point within the same Market Area, but within a different state, are shown in 3.3.3. Business/Residence Line 800 Services are provided between rate centers within the Market Areas described in 3.1.(B)(1).

## 3.3.2 Rate Application

- (A) Chargeable time for Business/Residence Line 800 Service calls is determined in the manner described in 2.10.4 for LDMTS calls.
- (B) All messages completed in one billing period through Business/Residence Line 800 Service will be bulk billed a minimum of 30 seconds per message.
- (C) The minimum service period for Business/Residence Line 800 Service is one month.
- (D) Usage is subject to a Minimum Average Time Requirement (MATR) of 30 seconds per completed call. If the average duration per call during each billing cycle is less than 30 seconds, billing will be based on an average duration of 30 seconds per call.
- (E) The monthly usage charges for Business/Residence Line 800 Service are determined as follows:
  - (1) Determine the total number of calls for each Business/Residence Line 800 Service number.
  - (2) Determine the equivalent hours rounded to the nearest tenth used by applying the MATR as described in (D).
  - (3) Determine total actual hours used, rounded to the nearest tenth of one hour.
  - (4) Determine the chargeable hours which is the greater of (2) or (3).
  - (5) Multiply the chargeable hours by the usage charge shown in 3.3.3, rounded to the next highest cent.

## LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES TWO-POINT (Cont'd)3.4 Public Land Mobile Radiotelephone Service3.4.1 Through Base Stations of The Telephone Company(A) Application

- (1) Two-way communication service is furnished through radiotelephone Base Stations, listed in (C)(3) following, within a Market Area between a vehicle and a point located outside the land mobile service area associated with such Base Station, between two vehicles served through Base Stations having different rate centers or between a vehicle served through a Base Station and a ship or aircraft served through an other land radiotelephone station.
- (2) Public Land Mobile Service is available to vehicles equipped for this service when within range of a Base Station through which such service is furnished. Service is furnished subject to transmission, atmospheric and like limitations.

This service is also available through a Base Station, between a point or a vehicle and another station, hereinafter called an "Other Station" which is authorized by the Federal Communications Commission to communicate with the Base Station, or between two "Other Stations" so authorized.

In the application of regulations and rates, stations other than vehicles which are authorized by the Federal communications Commission to communicate with a Base Station are considered as vehicles.

- (3) The services offered are those referred to in (B)(1) and in (B)(2) following.

(B) Mileage Measurements - Rate Determination

- (1) Rates for service as set forth in (a) through (b) following are based on airline mileage between rate centers or mileage rate bands. Obtain V-H coordinates for Base Station rate centers by reference to AT&T's Tariff FCC No. 10.
  - (a) For service between a point in a Market Area and a vehicle served through a Base Station in a Market Area, listed in (C)(3) following, the mileage or mileage rate band is determined as in (i), following: (i) Mileage is measured between the rate center of the point and the rate center of the Base Station serving the vehicle in accordance with the provisions of 3.1(B) preceding. Rates for the mileage obtained are applied as specified in (C)(1)(a) following.
  - (b) For service between two vehicles, each served by a different Base Station in a Market Area, listed in (C)(3) following, mileage is measured between the rate centers of the Base Stations involved in accordance with the provisions of 3.1(B)(1) preceding. Rates for the mileage obtained are applied as specified in (C)(1)(a) following.

Rates for service through a VHF Service Station of the Telephone Company, listed in (A)(1) preceding, or through two such stations are determined as set forth in (1) and (2) following.

(1) For service involving a ship served through a VHF Service Station, listed in (A)(1) preceding, and another point, or for service between two ships where both are served through VHF Service Stations, listed in (A)(1) preceding, the total charge is the sum of the charges of (a) and (b) following:

- (a) The appropriate charge for the LDMTS, as determined by the rate schedules of the Telephone Company or Carriers providing such service will apply. Other Carriers' charges are not specified in this tariff.
- (b) The VHF station charge to each ship on the connection which is served through a station or stations, listed in (A)(1) preceding, as follows:
  - (i) For the initial period of three minutes or fraction thereof \$2.37
  - (ii) For the additional minute or fraction thereof \$.79

When the connection involves two ships served through the same VHF Service Station on a single channel the VHF station charge applies only once.

When the point on land and the serving VHF Service Station are assigned to different rate centers within the same Market Area, the charge for the Intrastate Switched Network is determined by the rate schedule as set forth in the Telephone Company's Intrastate LDMTS tariff.

When the point on land and the serving VHF Service Station are assigned to the same rate center or when the connection involves only ships being served through the same VHF Service Station, a charge as for one mile applies as set forth in the Telephone Company's Intrastate LDMTS tariff.

3.7 Generic Optional Calling Plans

(S) (x)

(A) General

Generic Optional Calling Plans (Plans) are Interstate optional calling plans that must be ordered in conjunction with Intrastate IntraLATA calling plans. The Plans provide an alternate rate treatment for either residential or business customer-dialed Interstate IntraLATA toll calls that are completed without the assistance of an operator.

Customers enrolling in one of the optional Plans will be billed at the rates shown in Sections (3) and (4) following in lieu of the regular Schedule I Interstate IntraLATA rate schedule provided in this tariff.

(B) Regulations

The regulations associated with the Plans as offered under this section include only the applicable regulations set forth in other sections of this tariff and the following regulations, which apply to all Plans.

- (1) The regulations included in this section apply only to Interstate IntraLATA toll calls.
- (2) Plans are available only to customers that have enrolled in a Plan and that have selected this Company as their IntraLATA Toll Provider.
- (3) There is no charge for enrolling or discontinuing a Plan.
- (4) Each Plan is order separately and is not available in conjunction with any other Company-provided Generic Optional Calling Plan, as offered under this section.
- (5) Each Plan allows customers to complete calls 24 hours a day, seven days a week, including holidays.
- (6) Each Plan provides uniform rates that do not vary by time of day or day of week.
- (7) Residential Plans included under the Generic Optional Calling Plans are listed below and in Section (C) following:
  - Local Package Basic
  - Local Package Plus
  - Verizon Five Cents Plan <sup>SM</sup>
- (8) Business Plans included under the Generic Optional Calling Plans are listed below and in Section (D) following:
