(4) During the term of the selected SBC FAST  
Program, Telephone Company initiated recurring  
charges (increases or decreases) will  
automatically be applied to the monthly charges  
for the remaining months of the current SBC  
FAST Program term.

(5) The monthly recurring rate during the SBC FAST  
Program term will never exceed the rate in  
effect at the beginning of the customers SBC  
FAST Program term.

(6) The SBC FAST Program cannot be combined with  
any other tariffed services, discounts, or  
pricing flexibility contracts, unless  
explicitly stated in the respective tariff  
terms and conditions.

(7) Services receiving term discounts under this  
plan are excluded from any application of

(1) Conversions of FGTS to a new SBC FAST Program

Conversions from FGTS to a new 3-year SBC FAST Program term may be made if the expiration date for the new 3-year SBC FAST Program term is beyond the expiration of the original FGTS being converted and will become effective upon completion of the conversion activity. The rates, terms, and conditions applicable for the new 3-year SBC FAST Program term will be those in effect at the time the conversion is completed. Access Order Charges will apply for conversions of existing FGTS to a new 3-year SBC FAST Program term.

(2) Conversions of existing SBC FAST Program services to a different SBC FAST Program term

At any time prior to the expiration of the SBC FAST Program term, if the SBC FAST Program has not been grandfathered, a conversion may be made to a new 3-year SBC FAST Program term. The SBC FAST Program term must occur between the same two termination points as the original service being converted and will become effective upon completion of the conversion activity. The rates, terms, and conditions applicable for the new 3-year SBC FAST Program term will be those in effect at the time the conversion is completed. Access Order Charges will apply for the conversion of an existing SBC FAST Program term to a new 3-year SBC FAST Program.

At any time during the SBC FAST Program term, service may be upgraded to a higher speed service. The new higher speed service must occur between the same two termination points as the original service being upgraded. The new higher speed service must be on a new term contract that has an expiration date beyond the expiration date of the SBC FAST Program term being terminated. The rates, terms, and conditions applicable for the new contract term of the higher speed service will be those in effect at the time the conversion is completed. Nonrecurring installation and ordering charges associated with the higher speed service are applicable.

(4) Conversions from existing Month-to-Month Upgrades

Customers may convert from existing month-to-month service to a new 3-year SBC FAST Program term. If there are no physical changes to service, the Access Order Charge will apply. If physical changes occur, the activity would be classified as a termination of the month-to-month service and installation of a new 3-year SBC FAST Program term. Customer will be responsible for all nonrecurring installation and ordering charges associated with the new SBC FAST Program term.

Program (Cont'd)(D) Terms and Conditions (Cont'd)(5) DS1 or DS3 Moves

During a SBC FAST Program term a customer may move one end of a DS1 or DS3 SBC FAST Program Service to another location in the same LATA and keep the DS1 or DS3 SBC FAST Program in force provided the following requirements are met:

- (a) The minimum in-service period at the previous location must have been met. The new location will be subject to a new minimum in-service period;
- (b) The move is accommodated on a single customer order with the stipulation that the Billing Account Number (BAN), the Network Channel Code (NC), Access Customer Terminal Location (ACTL) and the Circuit Id (ECCKT) are provided and are the same as for the existing circuit being moved. Moves to a different wire center may result in change in the application of the rate elements associated with the service and therefore could result in a change in the monthly recurring charges.

If no lapse in service occurs and if the requirements in (a) and (b) as stated previously are met, termination liability will not apply. Nonrecurring Charges and Access Order Charges for the physical move will apply.

Program (Cont'd)(E) Termination Liability

When an SBC FAST customer's disconnection is governed by the Federal Acquisition Regulations, then the termination provisions found in the Federal Acquisition Regulations apply.

When SBC FAST customer's disconnection is not governed by the termination provisions of the Federal Acquisition Regulations, a termination charge will be calculated as follows:

(Monthly Recurring SBC FAST rate) X (number of net terminated SBC FAST circuits subject to Termination Charges) X (months remaining in SBC FAST term) X (50.00%).

Example: An agent of the Federal Government disconnects one SBC FAST DS1 in month 30 of the 36 month term. The monthly recurring charge for the DS1 is \$300.00. The reason for the disconnection is the Agent is going to use another company's facilities to provide the Federal Government with service. Termination liability charges will be calculated as follows:  
\$300.00 X 1 X 6 mos. X .50 = \$900.00

10. Federal Government Specialized Services or Arrangements(Cont'd)10.4 Rate Regulations (Cont'd)(G) Federal Government Telecommunications Services (FGTS)\*

(C)

(1) General

This section contains regulations, rates and charges applicable to the provision of FGTS to those Interexchange Carriers who have won the right to provide telecommunications service to the General Services Administration (GSA) and other Government agencies, including the agencies themselves as end users, for the sole use of the GSA and other such agencies. This section of the tariff does not apply to agencies that have not been awarded the special government contract.

Except as specifically noted below, all rules and regulations applicable to the rate elements provided under a monthly service arrangement (as set forth in Sections 7, 19, and 20 of this tariff) apply to those rate elements provided under FGTS. Rate elements not listed in 10.5.5 (Federal Government Telecommunications Service (FGTS)) are not available under FGTS and must be purchased as set forth in Sections 7, 19, and 20 of this tariff. Exceptions and/or additions to these rules and regulations as set forth in this section supersede those in other sections of this tariff.

If the Telephone Company initiates rate changes resulting in a decrease of rates for existing service with a 1 or 3 year service period, those rate changes will be passed along to the customer. Rate changes resulting in an increase of rates for an existing service with a 1 or 3 year service period will not exceed the original rate for that selected service period. Rate changes may occur as a result of F.C.C. action.

(2) Ordering

FGTS is provided as a monthly service arrangement with a 1 year or 3 year service period (Initial Service Period) for MegaLink Data Service or a 3 year service period (Initial Service Period) for Voice Grade 4 wire Service, High Capacity Service, MegaLink Custom Service, Self-Healing Transport Service and ReliaNet<sup>SM</sup> Service.

For services ordered under FGTS, only the Channel Termination nonrecurring charges will be waived. All other nonrecurring charges will apply including the Access Order Charge as set forth in Section 5.3.1 (Access Order Charges).

\*Effective ,2004, Federal Government Telecommunications Services for Megalink Data Service, Voice Grade 4-wire Service, High Capacity DS1 Service, and Megalink Custom Service will no longer be available to new customers. There

(2) Ordering (Cont'd)

When a rate element is ordered under FGTS, that rate element may not be used for non-FGTS services. No portion of a multiplexed rate element (High Capacity - DS1, MegaLink Custom - DS3, STN or ReliaNet<sup>SM</sup>) may be under FGTS unless the entire rate element is available under FGTS.

(3) Renewal of Service

The customer must provide the Telephone Company with a written notice of intent to renew or extend FGTS no later than 90 days prior to the expiration of the service period.

The customer may elect to renew the FGTS three year service periods only at the FGTS three year rate in effect at the time of renewal.

If the customer elects not to renew FGTS or does not notify the Telephone Company of its intent to renew FGTS, the customer's FGTS rate elements will revert to the monthly rates in effect, as set forth in Sections 7, 19 and 20, at the time the FGTS expires.

(4) Termination Charges

In the event service is terminated prior to the expiration of the Initial Service Period, termination charges will apply with the following exception. No termination charges will apply in the first year of the 3 year service period only, due to conditions in the government FGTS contract. After the first year, termination charges will apply as set forth following.

FGTS services are not subject to a termination liability charge for any services disconnected at the request of the Federal Government during the life of the contract. In the event service is terminated by an Interexchange Carrier termination charges will apply. The regulations and charges set forth in 5.3.2 (Access Order Modification Charges) apply for the cancellation of services provided under FGTS.

If Special Construction applied for the service being terminated, any associated termination charges, as referenced in 5.2.6 (C) (Special Construction), may apply.

The termination charge for the Initial Service Period is calculated as follows:

Billed Monthly Rate X Months remaining in service period X Termination percentage.

Years in Service Period Termination Percentage

1	50%
3	40%

Example: A customer with a \$2,000 monthly rate terminates service with 5 months remaining in a 3 year service period. The termination charge would be calculated as follows:

$$\$2,000 \times 5 \times .40 = \$4,000$$

The termination charge would be \$4,000.
