Dear Mr. Caton:

Pursuant to Section 1.1206 of the Commission's rules and regulations, Motorola, Inc. hereby reports that on July 23, 1996, Michael D. Kennedy of Motorola, Inc. met with Donald Gips, Karen Kornbluh and Kim Malone of the International Bureau concerning the above-referenced proceedings.

The discussion regarding ET Docket No. 95-183 dealt with issues raised in Motorola's petition for rulemaking (RM No. 8811) seeking the domestic implementation of the global Fixed Satellite Service allocation in the 37.5-38.6 GHz band as well as the existence of shared government allocations in the 37.0-40.0 GHz range. A chart showing the latter was used during the discussion and is attached for inclusion in this docket and in the record for RM No. 8811.
