Subject: Under 100 watts

Everyone knows why the FCC shuts down little radio stations and its not because it is for public safety! Today's technology has eliminated the bogus reasons that the FCC uses for not issuing a license to a small radio station. I am a force of one that will grow large enough to shut worthless agencies like the FCC down!!! The FCC may never be closed down in its entirety but I will predict that soon the FCC will have to redirect it efforts towards real problems instead of 25 watt radio stations. And the BEAT goes on and on and on and on and on!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
