HELLO:

my name is justyna swica and I am student whose heart had been torn apart about a year ago when a large cooperation (Disney INC) decided to take over the only progressive, community-minded, intelligent music FM radio station in the twin cities area. The end of REV 105 was felt by many, the anger has receded into a desperate plight for prevention so that this sort of misfortune will not happen in the future. Please, please keep micropower in mind.

Power in bulk can only facilitate the corruption, distortion and ultimate destruction of the arts.

Mr. Kennard,  
please consider what I, among many thousands of others, strongly care about as you work for the FCC in establishing the laws that administer the most justice.

thank you for reading,  
Justyna Swica
