In the Matter of
Proposal for Creation of the Low Power FM
(LPFM) Broadcast Service

FCC RM-9242

Comments of David Rockwell

I am writing to support RM-9242 and ask that the Federal Communications Commission adopt the Low Power Broadcast Service. I have been in broadcasting for 28 years and the past several have seen a boom in radio stations being bought up by big companies whose only concern is the bottom line. The Low Power FM service will return a voice to the communities and promote ownership by small businesses, minorities, women, individuals and entrepreneurs with limited financial resources.
