**Subject:** LPFM RADIO

Kennard need you to pass the rule for LPFM STATIONS NEED 100 WATTS OR 3KW power. This gives my wife a chance to own her own radio station the FCC at this point has made it impossible to the average american to obtain a station it works for the LARGE BROADCASTING CO. you need to change now and be concerned about frequency not money you dont have money lay off or shut down. i am going to lobby for shut down, where is fairness to woman you people are a disgrace.

Mr.D'Alessandro
