RE: Comments on RM 9242

Dear Commissioner:

We are directing this letter to you to support Rule Making 9242. It is an honor for us to communicate with your Executive Board, which main purpose is to serve the communities and particularly the minority groups. Therefore I want to explain our need to have a low powered radio (50-3000 Watts). We were transmitting in the city of Tampa, FL for approximately 1 1/2 years under the name of Radio Amor and Radio Poder. We were the only Christian Spanish Radio in our city. We were serving the community with quality programs that included spiritual music, family oriented programs, PSAs from the Department of Transportation of Florida and the Department of Health of Florida. We were also instrumental in preventing people from committing suicide, ministering to inmates in local jails through the phone, matching people with jobs and helping needy people to get things they needed to go on with their daily living, such as furniture, wheelchairs, beds, etc. We are a group of Ministers, not outlaws, trying to make things better in our community, and we were successful. We were not transmitting for the money, we were doing it for the benefit of our community. We are incorporated in Tallahassee as a non-profit corporation. A lot of good things were happening in our community.

On April 20, 1998, the FCC sized and forfeited our transmission equipment bringing our intent to regenerate our community to an halt. The FCC thinks they did a great thing. What they don't know is that there were people in a nursing home waiting for our radio station to be on so that they could listen to songs, messages and programs that would give them hope and encouragement to go on with their lives. There were people in prison hoping to get thru the busy phones lines to request a song that told them that God still loved them. The FCC really did not shut me down, the FCC shut down the people anxious to change their live in a positive way. We are asking you

to intervene and allow the micro-radio stations that are really making a change in their respectively communities to transmit as requested on Rule Making 9242. We, and the community, are hopeful that petition RM 9242 would be considered as a genuine proposal to help the communities. I'm including the signatures of some of the people that support our cause. We did not have enough time to collect them all back in time, but it shows that the community is desperate to have a radio station that cares about what is going on in our neighborhood. We humbly ask you to accept RM 9242 and license those micro-radio stations worthy of a license to continue with the mission of helping our communities. It is very important to us that a fair wattage is allowed to this micro-radio stations as requested on Rule Making 9242.

We are hoping that you find it in your heart that the law needs to be changed and allow these kind of radio stations to keep strengthening and helping our community. One person at a time. Hoping to hear from you, we remain. Should you have any question or need to contact me, please feel free to do so by calling (813) 627-9166, (813) 237-2167 or (813) 960-3523.

May God bless you and this beautiful Nation.

Rev. Alberto Acosta

Radio Amor is a Christian radio station transmitting on 90.1 FM. We are dedicated to serve the Tampa Bay community. Our programs encourage people to trust God in their moments of need. We have helped thousands of troubled people including inmates at Orient Road Jail and Morgan Street Jail. Currently, we are applying for a license and need the support of Tampa Bay residents to help us stay on air. By signing this petition form you will be making it possible for us to continue helping our community.

Radio Amor, Preaching the gospel, Changing lives.

Radio Amor is a Christian radio station transmitting on 90.1 FM. We are dedicated to serve the Tampa Bay community. Our programs encourage people to trust God in their moments of need. We have helped thousands of troubled people including inmates at Orient Road Jail and Morgan Street Jail. Currently, we are applying for a license and need the support of Tampa Bay residents to help us stay on air. By signing this petition form you will be making it possible for us to continue helping our community.
