Dear Secretary:

The Hispanic community of Greater Kansas City is expressing a need for a Hispanic radio station. Currently, there is no Hispanic radio station that continuously airs Latin music and issues concerning the Hispanic community in the region.

Several months ago Mr. Michael G. Calderon developed a program format designed towards the Hispanic community. This program reflected the diversity of the Hispanic culture through music, public service announcements (PSAs) and creating a space for dialogue amongst the community.

Unfortunately, Mr. Calderon's program no longer airs which has created a gap that no other station has attempted to duplicate.

Therefore, I am asking as a member of the Hispanic community to reinstate "Rule Making 9242" for Mr. Calderon's Hispanic radio station which will enable to operate at full capacity and will once again provide the Hispanic community of Greater Kansas City the cultural information that has been absent.

Thank you for your time. I look forward to a response on this matter.

Sincerely,

Federico Lopez
