DOCKET FILE COPY ORIGINAL

Before the
Federal Communications Commission
Washington, D.C. 20554

In the matter of
Proposal for Creation of the Low Power FM
(LPFM) Broadcast Service

FCC RM-9242

To: Federal Communications Commission

I strongly urge the Commission to approve RM-9242 at the listed power levels of the petition.

An FM Broadcast Service, designed to deliver programming to the smaller community encompassing up to a 15 mile radius would greatly increase the amount and variety of programming available to all segments of the public.

Thank you for your consideration in this matter.
