RE: Rule Making 9208, 9242, 9246

Dear Sir:

I am a college graduate, business owner, veteran, voter, and normal person.

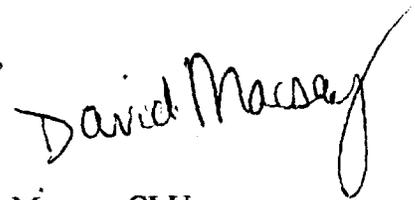

I understand that you are considering exploring the legalization of "microbroadcasting."

Anything would be better than what's on the radio now. It's all the same, and after a while, it's boring. If it wasn't for the Public Broadcasting station, I wouldn't even listen to it. Thank God for tapes and disks, but even those get tiring to listen to.

Give us more choice. Isn't that what America was built on? Prove it.

Thank you.

Sincerely,

David M. Macsay, CLU
