Subject: Legalize Microbroadcasting

ORIGINAL

Dear Mr. Kennard,

In recent days, I have been reading quite a bit about the FCC's battles with microbroadcasters. I am a student of journalism, and to be quite frank, I think the FCC's attempts to silence the voices of microbroadcasters are appalling. The FCC is violating their First Amendment rights to free speech. Their sheer determination to make their voices heard without money from advertisers and with volunteer workers is a testament to their faith in democracy. Please remember the principles that this country was founded on: democracy and free speech (not advertising and censorship).

Sincerely,
Matt Siemer
