PREFACE;

**RULES AND**

**REGULATIONS ARE CIVIL LIBERTIES AND CIVIL RIGHTS VIOLATION AGAINST  
<OLGA, WOMAN, BLACKS, and OTHER MINORITY'S >**

**EXAMPLE OF**

**A RULE UN-CONSTITUTIONAL**

THE COMMUNICATIONS ACT, 47 U.S.C. & 309, requires the Commission to issue public notices announcing the filing of broadcast applications. Thus, The Commission cannot guarantee that no applicant would compete with Mr. D'Alessandro, even if he is the first to locate an available frequency. This is a risk that applicants must take.

To Understand Fully, All The FCC's Rules and Regulations Support, Advocate, Help, and Give Partiality, to the NAB, Radio Conglomerates, and Corporations, and Investment Firms (ala. Cumulus Investment)

Now you Ask what is UN-CONSTITUTIONAL about the above

Rule

This Rule will keep from existence, and or activity, Olga, Woman, Blacks, and Minority's, Plus the Major Part of, the Citizens that live in the United States.

Lets back

up a step. if the FCC presents a FM Frequency, to the public, then yes i agree every entity, individual, THE NAB ETC., has a right to file, and compete for that frequency.

In our

case Angola Delaware, we want to Build a Tiny 50 to 100 watt Station, for the Community.

The FCC has No Frequency Available, so the next step is My Civil Rights, My Civil liberties, is to hire a License Consultant Engineer, to locate a FM Frequency, then File the Paper Work, Estimate Cost \$7,000.00 thousand dollars. now this is all legal to the FCC no problem, just Imagine, if you are on Social Security Disability, a Woman, a Black or other Minority, and the Average Middle Class Citizen. this is the UN-CONSTITUTIONALTY, AND OR NOT THE SYSTEM OF BASIC LAWS, AND PRINCIPLES OF A GOVERNMENT, I JUST SPENT Several Thousand Dollars, The FCC then takes my frequency and Places it Up for Bid for Other Applicants who are waiting for a Frequency as mine and have not spent a penny chances are they will award my frequency to a Radio Conglomerate with Billions Of Dollars, then

*[Handwritten signature]*

excuse is that's the Rule, this rule is Fascism at its Highest, Hidden Under a Democracy. and no Individual with Limited Finance, can, as the FCC says take Financial Risk.

This is  
not a Financial Risk this is my Rights, Financial Risk is if the Station does not make a Profit, that is a Financial Risk. all they have to do is Amend or Establish a new Constitutional Rule.

PS ALL

THERE RULES ARE FOR THE RICH.

Mr, D'Alessandro
