Proposal for Creation of the Low Power FM )  
(LPFM) Broadcast Service )

To: FCC / Mass Media Bureau

Hi Joey: I like the group and have a few of their songs in fact. Too bad  
he had to leave us so early in his career. One thing you may be interested in is a new  
station in Saratoga Springs, New York. As well all have been told by the FCC they are  
not currently licensing any stations under a hundred watts but I have found one. There  
is a construction permit listed in the M Street Radio Directory for: WSSK FM 89.7 50  
watts with 430 foot HAAT. The owner is Sound of Life Inc. Box 777 Lake Katrine, NY  
12449 phone number is 914-336-6199. You might want to call them and find out why  
this station is being issued a license for a power under 100 watts. It may help you to get  
your station on the air. Contact the FCC too and find out why they have done this. A  
legal precedent may be set over this allowing for further development of stations under  
100 watts. Regards.
