FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Gary A. Patzel 0 writes:

Dear Commissioner:

EX PARTE OR LATE FILED

I have been informed that the FCC will release a NOI in early November, 1998 regarding the Low Power FM Petition for Rulemaking FCC RM-9242.

I believe that the release of a NPRM would be a more appropriate action regarding this issue.

In consideration of the enormous volume of overwhelmingly positive public comments already filed, the release of a NOI instead of a NPRM appears to me as an unnecessary delay to the progress of LPFM.

Thank you.

Sincerely,  
Gary Patzel
