following:

A.Violations Of My Civil Rights,and Civil Liberties:And Bill Of Rights,And  
My Constitution:

- 1.To make Distinctions in Treatment:
- 2.To show Partiality:
- 3.To show Prejudice:
- 4.To Discriminate:
- 5.Dictatorship:
- 6.Ethnics Violations

The Above Violations are do because The

FCC,Has taken the  
Communications Act's Of 1927 & 1934,Which Where Established for the  
American People,All The People,not Just The Rich and Wealthy,Radio  
Conglomerates,The NAB,or Investment Firms.The Act's where created for all  
people to have an Opportunity,to Compete,on a JUST AND HONEST,PRINCIPAL  
FOUNDATION.The FCC has Taken the Communications Act's of 1927 & 1934,and  
used it with Total Disregard Aganist 99.9 % of the Peoples Democracy.

Proposal for Creation of the Low Power FM )  
(LPFM) Broadcast Service )

To: FCC / Mass Media Bureau

Dear Honorable,Senators,and Congressman:

I as a Constituent,Request you to hold Hearings on the FCC for Violations  
of the Communications act's of 1927 & 1934,in which they have Discriminated  
Aganist 99.9% of the American People

The Communications Act's stated explicitly,3

LAWS:the FCC has Broken  
all 3 Laws,AS NOTED:

1.Stop Chaos: Theres more Chaos now then ever when The FCC lets the NAB  
have power levels of 10,25,50,100,150,and 200 Hundread Thousand Watts of  
Power,the purpose of the Communications Act's where for,when a American is  
granted a FCC Broadcast License,he is to Serve his Community's Needs And  
Concerns.,the Largest Urban City May require Power Levels of 3000 Watts No  
More,in other Words there Should be No Radio Station in the United States  
At this Present Moment with power Levels to Exceed 3000 Watts.the FCC,has  
broken the LAW for the RICH AND WEALTHY AND THE NAB.

2.POWER LEVELS TO SERVE A COMMUNITY<NOT A WHOLE STATE AND OR STATES>,with  
power levels of 10 thousand and up to 300 thousand Watts,they serve no body  
but the NAB,and keep Woman,Blacks,and Other Minoritys From Competing,in the  
Broadcast Industry,Thanks to shrinking technology prices, LPFM RADIO at 50  
WATTS can generate an FM radio signal with as little as \$500 worth of

equipment. But seeking a license from the Federal Communications Commission can require an investment of \$100,000 and or up to \$300,000.

3.The FCC will Grant A FCC License Only When The Applicant,will Serve its Community,.this is the Biggest,Crime Aganist the American People and the Communications Act's of 1927 & 1934.They The FCC will not grant a License Below 100 Watts WHY?????????,.there is no REASON Except the NAB Said SO,

You As My  
Elected Offical Need To React To This Run Away Branch Of My Government.You  
Need To,Reveal to the Public,the Crimes For The Last 64 Years:  
By the FCC Commissioners

There Policy Makers  
There Enforcement Branch  
There Attorneys

and any other members of this,very  
sad independent branch of my Government
