

EX PARTE OR LATE FILED

From: Octavio <octavioa@ix.netcom.com>
To: A7.A7(SNESS)
Date: 9/7/98 4:55pm
Subject: RM-9242 Petition for Low Power FM

I support the RM-9242 petition with the following suggestions:

Allow only LPFM-3 (Secondary Service Special Event Station - 10 day permit) class of FM station licenses to be issued. Allow sufficient time (6 months - 1 year) to test for potential problems.

Next, allow LPFM-2 (Secondary Service) licenses to be issued. Again a waiting period for testing.

And finally, LPFM-1 (Primary Service).

I feel that a crawl - before walk - before run process should be considered.

Respectfully submitted by;

Octavio Aguiar
