OCT 23 1998

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

peter henley (peter@peterhenley.com) writes:

Susan,
I demand that satellite companies be able to offer local tv stations. Could you please tell me why they are prohibited from doing so? It seems incomprehensible that there is a law that protects cable companies, not consumers. Unless, of course, our good ol' congress has their hands deep in the cable co's pockets.
