FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

EX PARTE OR LATE FILED

Dear Legislator Kennard:

I'm writing you to voice my support for the recent rulemaking (RM-9208, 9242, 9246) that would make it "more legal" for local community organizations to operate for Low Power FM radio stations. I'm from a organization in the Washington,DC area called Positive Force, and in our mission to help uplift DC area residents from racism, sexism, and poverty, we have strongly lent our support to local micro-radio. Also as an independent musician, micro-radio has become the life-blood for artists who have not yet been groomed by commercial media. Please do not decide upon this legislation by thinking this is merely a new law legalizing "pirate radio". I would concur that the real "radio pirates" are the multinational media corporations that scoop up radio stations by the thousands only to establish the same old homogeneous oldies programming, and the incessant talk-radio shows nationwide.

Clay Harris, member of Positive Force and guitarist for the Shiny Brites
