FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Dear Mr..Kennard,

While I understand current regulations prohibit pirate radio stations from operating, I am hopeful of some word from your agency about a proposal for low power fm broadcasting that would serve the neighborhoods and not the numbers, and cookie cutter radio that results.

Instead of going on the air with an unapproved transmitter, I have begun to establish a blueprint for a community station on the Internet. I invite you to visit the site, <http://www.angelfire.com/biz/microbroadcasting/index.html> and please reply with information on how I may apply for a low power license.

Sincerely,

Kevin Coan
