99-25

Sir,
I have two comments that I would like to address to you:

I am very pleased to hear that the F.C.C. is taking action on Amateur Radio violators. It is long overdue! Thank you.

I support your attention to opening up LPFM to foster opportunities for community-orientated radio ownership and promoting diversity in radio voices and program services. I further support any further rulemaking allowing 1 to 10 watt microradio class of stations to operated in small communities.

Thank you for your time and attention to this matter and for allowing me to voice my opinion.

Respectfully submitted,

Bill Kuffler
