

To Whom it may Concern. Working in Radio, Commercial, and Non- Commercial for the past 8 years. I have seen a big change in The Broadcasting Industry. Mom & Pop Radio is a thing of the past. There is hardly any FM stations left in america that are owned independently. Mergers & LMA's , Well everyones doing it. Low Power FM Will bring back to Radio, The ellement of what Radio is. Local service for the people. Local News,Entertainment, Community service....etc
Desighned for the Community, By the Community to which it serves. Major Organizations, Radio Broadcasters Know that will hurt them in the kill or be killed Quest for Ratings. Radio isn't about Money or Ratings, Or who's the best. Radio is About People!
I urge You the FCC To Go ahead with the rulemaking.
You have my vote to bring back
Local People Power Radio For all future Generations.
Thank You. Sincerly, James.
