FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Dear Mr. Kennard:

I have followed with great interest the present consideration of the relaxation of F.C.C. licensing regulations as they apply to radio stations transmitting at wattages below a pre-set maximum level. I represent a small group of investors interested in this type of non-traditional, "cottage industry" broadcasting. Their area of geographic interest is southeastern Massachusetts and northern Rhode Island. Any information, which your office could provide concerning this development, would be most gratefully appreciated.

Very truly yours,

Anthony J. Randazzo, Jr.
