NAB GEARING UP TO FIGHT LPFM MOVEMENT

Thanks to sympathetic sources, we have received a PDF file of the National Associations of Broadcasters' "LPFM

ACTION KIT" which instructs NAB members on how to fight the Low Power FM movement. Interesting reading. It includes such items as: an "argument sheet" for comments, a one-page "talking point sheet for Members of Congress," and a sample editorial for NAB members to send to their local papers! While there is much to pick apart (such as the "threat" of establishing new

stations)

there is one line we'll have to agree with:

"This is the single biggest issue to hit the radio

industry

in the last few decades."

Preface:

THE UNITED STATES CONSTITUTION

We the People of the United States, in Order to form a more perfect
Union,
establish Justice, insure
domestic Tranquility, provide for the common defence, promote the
general
Welfare, and secure the
Blessings of Liberty to ourselves and our Posterity, do ordain and

United States of America.

The Anti-Trust laws are anything but short and simple. The blatant
ambiguities of these laws make them quite easy to enforce, and the DOJ
uses

this power to the fullest extent. In light of the ongoing Microsoft

case,
it should be apparent to even the simple minded that the anti-trust laws, originally created to promote competition, are actually restricting fair-market competition. A monopoly can only be created by regulatory interference. Telecommunication Act 1996 SEC. 202. BROADCAST OWNERSHIP.

mo=B7nop=B7o=B7ly =96 exclusive control of a commodity or service= in a given market, or control that makes possible the fixing of prices and the virtual elimination of free competition.

The Reagan and Bush administrations were ideologically hostile to

antitrust and the Clinton administration--being politically weak and eager for 'business' support--is rapidly compiling a pro-monopoly (non-enforcement) record which rivals that of the McKinley administration (1897-1901). Economics has been hijacked by politics, at a vast cost to the public.

X. State Anti-Trust Law State Of Delaware
Delaware's anti-trust statute supplements the substantial anti-trust provisions of federal law. The purpose of the Delaware statute is to promote the public benefits of a competitive economic environment based upon free enterprise. The State anti-trust law protects trade and

commerce

from unlawful restraints, price discrimination, price fixing and monopolies. It is not, however, intended to prohibit the existence of labor

organizations and other associations instituted for the purpose of mutual

help. In addition, the statute does not forbid any conduct or arrangement

approved or required by a regulatory board of Delaware or the United States, or a non-profit corporation, trust or organization established for

religious or charitable purposes (but only to the extent that the activity

is religious or charitable in nature). The penalties for a violation of the

Delaware anti-trust statute may include monetary civil penalties, equitable

relief, or both. The Attorney General of Delaware may bring suit on behalf

of all natural persons residing in the State for a violation or threatened

violation of this statute.

Trusts ala. NAB Trust Fund and monopolies are concentrations of wealth in the hands of a few. Such conglomerations of economic resources are thought to be injurious to the public and individuals. This is because such trusts minimize, if not obliterate normal

marketplace competition, and yield undesirable price controls. These, in turn, cause markets to stagnate and sap individual initiative.

The Communications Act of 1934

The Act Was Intended For Community Service and its Community Members, It was

not Intended for Economic Wealth, Which Ed Fritz and The NAB Have Made It Today

The basic landmark agreement between Radio and the people of the United States was established in the Communications Act of 1934 and has become the

unifying thread of all telecommunications laws since then. The basic agreement was actually established in the years before.

This important law established basic philosophical principles:

The airways are public property.

Commerical broadcasters are liscensed use the airways.

The main condition for use will be whether the broadcaster served "the

public interest, convenience, and necessity."

The Communications Act's of 1927 and 1934 were Created for the American People, and The Communitys They Reside In:

They NAB With Ed Fritz and His Chief Counsel Baumann Have Inflicted The Following Damages Against the Public Airways The American Public Own:

A. Violations Of My Civil Rights, and Civil Liberties: And Bill Of Rights, And My Constitution:

1. To make Distinctions in Treatment:
2. To show Partiality:
3. To show Prejudice:
4. To Discriminate:
5. Dictatorship:
6. Ethnic Violations:
7. To Monopolize An Entire Market = 3D Anti - Trust Violations Against Free Enterprise As Proposed By The FCC in Docket MM-99-25 LPFM Broadcast Community Service:

The Above Violations are imposed because The NAB, Has taken the Communications Act's Of 1927 & 1934, 1996 Which Where Established for the

American People, All The People, not Just The Rich and Wealthy, Radio Conglomerates, The NAB, or Investment Firms. The Act's where created for all people to have an Opportunity, to Compete, on a JUST AND HONEST, PRINCIPAL FOUNDATION. The NAB has Taken the Communications Act's of 1927 & 1934, and 1996 used it with Total Disregard Against 99.9 % of the Peoples Democracy.

Dear Honorable, Senators, and Congressman: I as a Constituent, Request you to hold Hearings on the NAB for Violations of the Communications act's of 1927

& 1934, & 1996 in which they have Discriminated Against 99.9% of the American People

The Communications Act's stated explicitly, 3 LAWS: the NAB has Broken all 3 Laws, AS NOTED:

1. Stop Chaos: There's more Chaos now than ever when The FCC lets the NAB have power levels of 10, 25, 50, 100, 150, and 200 Hundred Thousand Watts of Power, the purpose of the Communications Act's where for, when a American

is granted a FCC Broadcast License,he is to Serve his Community's Needs And Concerns.,the Largest Urban City May require Power Levels of 6000 Watts No More,in other Words there Should be No Radio Station in the United States At this Present Moment with power Levels to Exceed 6000 Watts.the NAB,has broken the LAW for the RICH AND WEALTHY .

2.POWER LEVELS TO SERVE A COMMUNITY,with power levels of 10 thousand and up

to 300 thousand Watts,they serve no body but the NAB,and keep Woman,Blacks,and Other Minoritys From Competing,in the Broadcast Industry,Thanks to shrinking technology prices, LPFM RADIO at 50 WATTS can generate an FM radio signal with as little as \$500 worth of equipment. But seeking a license from the Federal Communications Commission can require an

investment of \$100,000 and or up to \$300,000

=2E

3.The FCC will Grant A FCC License Only When The Applicant,will Serve its Community,.this is the Biggest,Crime Against the American People and the

Communications Act's of 1927 & 1934.They The FCC will not grant a License Below 100 Watts WHY???????,.there is no REASON Except the NAB Said SO

You As My Elected Offical Need To React To This Run Away Radio Conglomerate.You Need To,Reveal to the Public,the Crimes For The Last 64

Years: By the NAB:

The American People Have A Right To Free Enterprise,Contrary To the Big Money Changers Billy Tauzin,And Ed Fritz Of The NAB and the Radio Conglomerates

the free market of ideas. You have the right to participate in the free market and speak your mind freely. You have no guarantee of success in free

enterprise, but you have the right to defend yourself against anyone who tries to limit or extinguish your right to free enterprise, Such as Congressman Billy Tauzin Of Louisiana and Ed Fritz of the NAB . Free enterprise built this country. Let's keep building.

Congressman Walden Against The American Peoples Constitutional Rights
He
Needs to Resign!!!!!!!!!!!!

Congressman Greg Walden was interviewed by QST magazine (April 1999 pp. 15 and 16). Representative Walden is from Oregon's 2nd District. He had the following comments about radio:

1. Setting up LPFM "could prove very disruptive".

2. He is skeptical about auctions and their impacts on voluntary services and on commercial broadcasting.

3. He thinks that there will be a major restructuring and reform of the

FCC this year. He states that there will be a lively debate in Congress on

this subject.

4. He wants the FCC to be more aggressive in shutting down pirates. In

his view, the FCC should be "more aggressive in pursuing the integrity of the spectrum".

Representative Walden owns 4 commercial broadcast stations. He is also

an amateur radio operator.
