Dear Mr. Lee:

Re:
NAB Trust Fund:

STATEMENT OF NAB

PRESIDENT & CEO EDWARD O. FRITTS

ON

BROADCAST MINORITY OWNERSHIP FUND

" I support last week's sale of nine stations by Clear Channel Communications and Jacor Communications to minority broadcasters. This type of transaction was discussed at the 'Broadcast CEO Summit' hosted by NAB last July, which included FCC Chairman Kennard. We are pleased to see this idea turned into reality.

"I also applaud the leadership of CBS President/CEO Mel Karmazin and Clear Channel/CEO Lowry Mays endorsing additional meetings focusing on voluntary means of increasing minority ownership and employment in broadcasting. NAB stands ready to participate in future meetings, and I will recommend to our Board of Directors that NAB contribute a minimum of \$10 million to the fund which is being proposed.

"NAB has long supported increasing ownership and employment opportunities for minorities. I strongly believe that diversity in our industry has strengthened broadcasting's commitment to local service."
