

Campaign 2000: Republicans and Democrats Take Notice to the American Public on this Very Important Issue that is not going to go away !!!!!

The Government =3D Federal Communication Commission:
Has Initiated New Propose Rule Makeing,For the American Public to Reclaim there Constitutional and Bill Of Rights To the Public Air Ways:

FCC Docket MM 99-25:

This New Government Free Enterprise is being Suppress By Congressman Billy Tauzin LA.and Ed Fritz Of The National Association Of Broadcasters.and The Radio Conglomerates.

Free enterprise means people can start and run businesses to make money. The best part of this system is that people can choose any kind of business they want; they can sell toothpaste, make bubble gum, or even wash cars,and or Start a LPM Broadcast Service For there Community as Stated By The FCC in Docket MM 99-25. The only catch is the business must follow the government's rules Which the FCC is in the Works of Doing in NPRM Docket MM 99-25

So why is it called free enterprise?

Free enterprise is free for the following reasons:

American Citizens are free to be creative and choose where they work. If people want to be their own boss, they open their own business. If they want to work for Wal-Mart, they can apply for a job. If they want to invent new products, they can experiment. =95Customers are free to shop where they want and buy what they want. If people like white bread better than wheat bread, they can buy white bread. By buying their favorite product, customers choose which company they like best and help that company make money. Also, customers help the stores make money by shopping there. Just think, if everyone bought gas from only one gas station, all of the other gas stations wouldn't be making money and would close. =95The market is mostly free from government interference. The government does not tell people what to buy and sell; the government just makes sure people are not hurt and the economy is okay. For example, if one company gets really big Example The NAB and Radio Conglomerates hurts little companies, then the government will make the big company give the little company a chance.

Free enterprise is an enterprise for these reasons:

=95Businesses sell products and/or services to consumers. Businesses rarely give things away to people; the business charges customers for the products. There is an exchange between the customers. =95Consumers buy products from businesses. On the other side, customers buy things from businesses. No exchange would happen if customers were unwilling to buy a product or service. =95Businesses compete against other businesses to make money. Competition makes the business world thrive. Businesses compete by making their products better and lowering prices, which benefits consumers. =95The government tries to make sure all people share in the benefits of free enterprise

Keep Free Enterprise,as it is a Civil Right!

The American People Have A Right To Free Enterprise,Contrary To the Big Money Changers Billy Tauzin,And Ed Fritz

Of The NAB and the Radio Conglomerates

Personal liberty includes the right to enter the free market of economic activity LPFM Broadcast Service, As Proposed By The FCC Docket MM 99-25-and the free market of ideas. You have the right to participate in the free market and speak your mind freely. You have no guarantee of success in free enterprise, but you have the right to defend yourself against anyone who tries to limit or extinguish your right to free enterprise, Such as Congressman Billy Tauzin Of Louisiana and Ed Fritz of the NAB . Free enterprise built this country. Let's keep building.
