

My name is Cheryl Guidry and I feel that LPFM should be made available to people like myself who are interested in reaching the community with the Word of God. The vision I was given was an avenue to reach the youth/young adults in our community, while bridging the generation gap. Most stations cater to the consumers who will patronize their sales clients. I want to reach the youth with the message of God's love. My desire is to have a non-commercial, community supported station and I have every intention, when mad available, to apply for licensing.
