Subject: Low Power FM

I understand that the FCC plans to make Low-Power FM radio licenses available. I urge you to give priority for licenses to non-commercial groups, with licenses to be non-transferable, held locally, affordable to all communities, easy to apply for, and limited to one license per holder. In a democracy, it is important that all voices may be heard, which has become nearly impossible at this moment in history when a handful of corporations owns nearly all the commercial media of mass communication. Thank you for your consideration. --Geoff Cole, 3671 Ashworth N, Seattle WA 98103.
