

Dear Sirs,

I fully support the creation of a LPFM service for several reasons.

- (1) It would benefit the local community by giving them a personal voice.
- (2) It would be of great benefit to the students in all small communities, whether elementary, middle, or high school age. This would also transcend or bridge that invisible gap that has been created by the almighty dollar sign assigned by the "big business" that now controls the local media.

Thank you for your time and allowing me and many others the opportunity to "voice" our opinions in this matter of great importance to America.

Sincerely,  
Rev. Maurice C. Napper
