Dear Mr. Ness,

Thank you for your letter regarding the resolutions urging the Federal Communications Commission (FCC) to adopt RM-9242 (which were Senate Resolution 234 and House Resolution 379 in the 1997-1998 legislative session). The opinions of the citizens of Michigan are very important in the decisions that I make in the Senate.

I support the drive to re-legalize community radio and have been contacted by many constituents regarding this effort. I have signed onto this movement and co-sponsored SR 234 last session in the Michigan Senate. Senator DeBeaussaert plans to reintroduce this bill in the current session, and I will co-sponsor this bill when it is reintroduced into the Michigan Senate. When this issue comes to the floor, I plan to vote for the resolution.

Thank you again for taking the time to share this information with me. If there is anything that I can do to help you in this effort, please feel free to contact me again. .

Sincerely,

Gary C. Peters
State Senator

Dear Chair Middaugh:

I am writing in order to respectfully request a hearing of the House Committee on Energy and Technology for the purpose of considering House Resolution 67.

This resolution, sponsored by Representative Schermesser, would serve to encourage the Federal Communications Commission to restore approval for low-power FM radio broadcasting.

House Resolution 67 represents the best interests of the people of Michigan. Once again, I respectfully request that this resolution receive a hearing in committee.

Thank you for your attention to my concerns.

Sincerely, 

Representative Samuel Buzz Thomas III

Mr. Tom Ness
Jam Rag Press/Michigan Music is World Class Campaign
P.O. Box 20076
Ferndale, MI 48220

Dear Mr. Ness:

Thank you for contacting my office regarding a motion to discharge House Resolution 67 from the House Committee on Energy and Technology. I appreciate your taking the time to share your thoughts and concerns with me regarding this issue.

If the House of Representatives had taken a record roll-call vote on a motion to discharge House Resolution 67, I would have voted against discharging it from the committee. The Michigan Legislature has a committee structure in place so that members can thoroughly review bills, debate and take testimony. I have great faith in the committee process and, therefore, cannot condone sidestepping this important legislative function.

Of course, I support community radio. It serves a vital role in keeping residents connected to their neighborhoods, state and nation. Community radio is a training ground for young people interested in broadcasting and the electronic media. Using the talents of volunteers in the fields of music, poetry and public affairs also helps to improve our communities. The emphasis on community radio is on the community, and our communities prosper when we allow individuals to better themselves.

Again, thank you for contacting my office. Please do not hesitate to contact me if I can be of further assistance.

Sincerely,

Charles R. Perricone
Speaker of the House

To Whom It May Concern:

I support Michigan-based musicians and would urge you to play on your radio station music performed by local bands and musicians on a regular and consistent basis.

Michigan has a proud heritage of being the home of some of the world's greatest music talent. From jazz to modern rock, local music artists produce some of the best quality music available today.

These Michigan musicians deserve your help in getting air-play time. Air play for local musicians benefits our state's economy, including local clubs, recording studios, musical instrument retailers and local CD/tape retailers.

Thank you for your consideration and assistance.

Sincerely,

Andrew C. Richner

To The Radio Stations of Michigan,

As you well know, many of the world's best musicians and some of the world's most appreciated music has come from right here in our great state of Michigan. I am very proud of that fact. In the past, much of that talent received the recognition it was seeking only because Michigan radio stations were willing to take a chance and give them an opportunity by playing their music as yet undiscovered local artists.

It has come to my attention that in recent times it is virtually unheard of to hear a Michigan band or musician on a Michigan radio station unless they are already signed on to a major record label. I personally don't believe this in the best interest of our state, nor do I believe that it represents the wisest use of our local public airwaves.

Certainly, not everyone will enjoy or appreciate every Michigan band or musician that could be heard on the airwaves, but the same can also be said of virtually every band and musician today that regardless of how popular, appreciated and universally well accepted they may be, some people simply won't care for that particular style. We all have different tastes. I do believe, however, that some type of program that will allow for air play for local musicians and bands will also benefit and have positive impact on local clubs, recording studios, musical instrument retailers and local cd/tape retailers as well.

Yes, the business of a radio station is to "make money" through advertising dollars and such a program may at first be perceived to be a risk in maintaining that revenue, but I firmly believe that if properly planned no station would lose money and as earlier stated that such action would ultimately benefit the entire local economy. Finally, not only would such a program also raise a level of interest in our young people to explore the world of music, but it would do much to communicate community goodwill. Goodwill begets goodwill. It creates a win-win situation in

which no one loses. The roots of that goodwill will be traced back to the radio station that invested time and took a risk in that local talent.

I personally support and respectfully urge our radio stations throughout the state to give great consideration to making room in their programming schedules for the numerous local musicians and bands that have worked hard and truly desire an opportunity for air play in their own hometowns.

Thank you for your time in reading this letter on behalf of Michigan musicians and bands.

Sincerely,

A handwritten signature in black ink that reads "Mike Goschka". The signature is written in a cursive, slightly slanted style.

RESOLUTIONS PENDING IN THE MICHIGAN LEGISLATURE

MICHIGAN SENATE

Senators Dunaskiss, Young, Johnson, Dingell, Cherry, Peters, Murphy, A. Smith, DeBeaussaert, Emmons, North and Leland offered the following resolution:

Senate Resolution No. 53.

A resolution to urge the Federal Communications Commission to adopt rules to provide for new low-power FM radio stations. Whereas, The Federal Communications Commission (FCC) discontinued the licensing of low-power radio stations (those using under 100 watts of power) twenty years ago. This decision was based on concerns that low-power stations were a hindrance to the orderly development of FM radio and a potential impediment to the efficient operation of facilities serving greater numbers of people; and

Whereas, As a result of the discontinuance of low-power radio stations and technology changes, a new station meeting the FCC requirements for size represents an enormous capital investment; and

Whereas, The FCC, in response to concerns from across the country, has issued proposed rules to permit the licensing of new low-power radio stations. With the goal of reviving community-based opportunities in radio, the FCC is now seeking public comment on the proposed rules. In light of the role that local communications through radio can have in both urban areas and smaller towns, Michigan's voice should be heard in the discussions taking place; now, therefore, be it

Resolved by the Senate, That we urge the Federal Communications Commission to adopt rules to provide for new low-power radio stations that would not sacrifice the integrity of the current interference protection standards, nor prevent FM stations from providing vital news, weather, and traffic information; and be it further

Resolved, That copies of this resolution be transmitted to the Federal Communications Commission.

Pursuant to rule 3.204, the resolution was referred to the Committee on Government Operations.

MICHIGAN HOUSE OF REPRESENTATIVES

Reps. Schermesser, Pappageorge, Hansen, DeHart, Bogardus, Gosselin, Bovin, Woodward, Brater, Kelly, LaForge, Cherry, Brewer, Rison, Quarles, Stallworth, Basham, Prusi, Baird, Daniels, Dennis, Callahan, Schauer, Gielegem, Mans, Kilpatrick, Jamnick, Scott, Vaughn, Rivet, Tesanovich, Voorhees, DeRossett, Kowall, Kukuk, Hardman, Garza and Hale offered the following resolution:

House Resolution No. 67.

A resolution to encourage the Federal Communications Commission to restore approval for low-power FM radio broadcasting.

Whereas, For many years, low-power radio stations filled a unique niche in the communications needs of local communities. These operations, which used less than 100 watts of power, were licensed as Class D FM stations; and

Whereas, In 1978, The Federal Communications Commission made a policy decision to stop licensing low-power radio stations. This decision was based on concerns that low-power stations were a hindrance to the orderly development of FM radio and a potential impediment to the efficient operation of facilities serving greater numbers of people; and

Whereas, In recent years, the rate of consolidation in the radio broadcast market has increased. As a result, far fewer locally based radio stations have programming that serves their communities. These concerns have prompted many people to promote a change in FCC policies. A proposed change to FCC rules, which seeks to permit the reestablishment of low-power FM broadcast services, is currently under consideration; and

Whereas, Allowing low-power FM radio to return to the airways will achieve several worthwhile goals in communications options open to people in our country. These community radio services will increase the local presence in the media, increase diversity of ownership, provide more choices to the public, offer new opportunities in business, and promote communications that better reflect the character and needs of our communities; now, therefore, be it

Resolved by the House of Representatives, That we encourage the Federal Communications Commission to restore approval for low-power FM radio broadcasting; and be it further

Resolved, That copies of this resolution be transmitted to the Federal Communications Commission.

The resolution was referred to the Committee on Energy and Technology.

Senate Resolution 234: Introduced by Senators Kenneth DeBeaussaert and Chris Dingell.

A Resolution to urge the Federal Communications Commission (F.C.C.) to adopt RM-9242 to create a new service of small, locally-owned FM stations.

Whereas, Twenty years ago the F.C.C. stopped issuing new Class D broadcasting licenses (stations of less than 100 watts). Today, to launch a station the F.C.C. will consider licensing requires a minimum investment of \$80-100 thousand dollars, making it too difficult for the general public to launch a radio station; and

Whereas, A national grassroots movement has emerged to re-legalize community radio. A formal rule-making petition, RM-9242 would create a new service of small, locally owned FM stations. This petition is now before the F.C.C.; and

Whereas, Corporatization of our local airwaves is by far the main factor behind the withering of our State's once-thriving music industry, the home of Motown. Detroit's commercial stations devote

under one percent of their airtime to locally-produced music. The same thing is happening country wide; and

Whereas, The result has been devastating to not only musicians, but also local clubs, music stores, record stores, studios, labels and publishers; indeed the entire local music economy; Now therefore, be it

Resolved by the Senate, That we memorialize the Federal Communications Commission to adopt RM-9242; and be it further

Resolved, That copies of this resolution be transmitted to the F.C.C. Chairman, William Kennard and to the "Michigan Music is World Class" Campaign.

House Resolution 379: Introduced by Rep. John Freeman. Co-sponsored by Representatives David Anthony (Democrat-108), Paul T Baade (Democrat-91), Laura L Baird (Democrat-70), Raymond Basham (Democrat-22), Patricia Birkholz (Republican-88), Beverly A Bodem (Republican-106), Rose Bogardus (Democrat-47), Liz Brater (Democrat-53), Deborah Cherry (Democrat-50), Nick Ciaramitaro (Democrat-27), Eileen DeHart (Democrat-18), Agnes M Dobronski (Democrat-15), Patricia Godchaux (Republican-40), David M Gubow (Democrat-35), Derrick Hale (Democrat-14), Michael Hanley (Democrat-95), Clark Harder (Democrat-85), Ron Jelinek (Republican-78), Thomas Kelly (Democrat-17), Kwame M Kilpatrick (Democrat-9), Alvin H Kukuk (Republican-33), Edward LaForge (Democrat-60), Burton Leland (Democrat-13), Lynne Martinez (Democrat-69), Raymond Murphy (Democrat-7), Dennis Olshove (Democrat-29), Mary Lou Parks (Democrat-3), Kirk Profit (Democrat-54), Michael Prusi (Democrat-109), Nancy Quarles (Democrat-36), Andrew Richner (Republican-1), Gloria Schermesser (Democrat-25), Martha G Scott (Democrat-6), Judith L Scranton (Republican-66), Paul Tesanovich (Democrat-110), Ilona Varga (Democrat-8), Karen Willard (Democrat-82)

A Resolution to encourage the Federal Communications Commission to restore approval for low-power FM radio broadcasting.

Whereas, For many years, low power radio stations filled a unique niche in the communications needs of local communities. These operations, which used less than 100 watts of power, were licensed as Class D FM stations; and

Whereas, In 1978, the Federal Communications Commission made a policy decision to stop licensing low power radio stations. This decision was based on concerns that low power radio stations were a hindrance to the orderly development of FM radio and a potential impediment to the efficient operation of facilities serving greater numbers of people; and

Whereas, in recent years, the rate of consolidation in the radio broadcast market has increased. As a result, far fewer locally based radio stations have programming that serves their communities. These concerns have prompted many people to promote a change in FCC policies. A petition of rulemaking, which proposes the reestablishment

of low power FM broadcast services, is currently under consideration; and

Whereas; Allowing low power FM radio to return to the airwaves will achieve several worthwhile goals in communications options open to people in our country. These community radio services will increase the local presence in the media, increase diversity of ownership, provide more choices to the public, offer new opportunities in business, and promote communications that better reflect the character and needs of our communities; now, therefore, be it

Resolved by the House of Representatives, That we encourage the Federal Communications Commission to restore approval for low power FM radio broadcasting; and be it further

Resolved, That copies of this resolution be transmitted to the Federal Communications Commission.

● City of Detroit

A Resolution to Urge the Federal Communications Commission (F.C.C.) to Restore Approval for Low Power FM Radio Broadcasting

By Council Member Mahaffey
WHEREAS, in 1978, the Federal Communications Commission (F.C.C.) its licensing of low power radio stations (Class D broadcasting licenses to stations of less than 100 watts)

reducing overall the number of locally-based radio stations in service to local communities. Since that rule change, other factors such as increased consolidation within the radio broadcast market has contributed to a significant reduction in the number of community responsive radio services; and WHEREAS, Nationally, a grassroots movement has emerged for the purpose of advocating F.C.C. reinstatement of licensing of low power radio stations.

Their efforts have resulted in a formal rule-making petition before the F.C.C., RM-9242, that would create opportunities for the return of locally owned and responsive FM radio stations for communities; and

WHEREAS, Re-legalization of low power radio stations would serve to increase local media presence and ownership, promote small business development and broadcast entrepreneurship, increase community choice and allow for communication services that are responsive to the needs of local communities;

NOW THEREFORE BE IT RESOLVED, The Detroit City Council urges the Federal Communications Commission to restore approval for low power FM radio broadcasting. The Detroit City Council joins the Michigan Senate (SR234), the Michigan House of Representatives (HR379) and the many grassroots organizations in seeking F.C.C. adoption of petition FM-9242 to restore low power FM radio broadcasting;

BE IT FURTHER RESOLVED, That copies of this resolution be sent to the Federal Communications Commission, the Michigan Congressional Delegation and the City's lobbyist, Nancy Barbour.

Adopted as follows:
Yeas – Council Members Cleveland, K. Cockrel Jr., S. Cockrel, Everett, Hood, Mahaffey, Scott, Tinsley-Williams, and President Hill – 9.
Nays – None.

1-25-99

● City of Ferndale

Resolution
Moved by Councilman Porter, seconded by Councilwoman Kulick, to adopt the following resolution:

For many years, low power radio stations filled a unique niche in the communications needs of local communities. These operations, which used less than 100 watts of power, were licensed as Class D FM stations; and In 1978, the Federal Communications Commission made a policy decision to stop licensing low power radio stations. This decision was based on concerns that low power radio stations were a hindrance to the orderly development of FM radio and a potential impediment to the efficient operation of facilities serving greater numbers of people; and In recent years, the rate of consolidation in the radio broadcast market has increased. As a result, far fewer locally based radio stations have programming that serves their communities. These concerns have prompted many people to promote a change in FCC policies. A petition of rule-making, which proposes the reestablishment of low power FM broadcast services, is currently under consideration;

and the return of low power FM radio to return to the airwaves will achieve several worthwhile goals in communications options open to people in our country. These community radio services will increase the local presence in the media, increase diversity of ownership, provide more choices to the public, offer new opportunities in business, and promote communications that better reflect the character and needs of our communities.

NOW, THEREFORE BE IT RESOLVED, that we, Ferndale's elected officials, encourage the Federal Communications Commission to restore approval for low power FM radio broadcasting.

BE IT FURTHER RESOLVED, that copies of this Resolution be transmitted to the Federal Communications Commission.

AYES: Council Members Porter, Paczkowski, Warshay, Kulick; Mayor Goedert.

NAYS: None.

Motion carried.

I, Lee Ann O'Connor, Clerk of the City of Ferndale, do hereby certify that the foregoing is a true and compared copy of a Resolution duly made and passed by the Ferndale City Council at a meeting held January 25, 1999.
Lee Ann O'Connor, City Clerk

2-4-99

● City of Hazel Park

Michigan Music is World Class Campaign

On behalf of our Hazel Park Citizens, the Mayor and Council of the City of Hazel Park are in favor of the F.C.C. to re-legalize community radio and we support the adoption of RM-9242.

We believe it can improve access to our airwaves for all local residents without interfering with existing service. Radio is the most suitable of any media outlet to provide community access. It is relatively inexpensive to produce and is well-suited to cover community issues and local music.

We support this petition and believe we owe the public some access to the airwaves they own. We hope the F.C.C. will consider RM-9242 favorable.

Yours truly,
Ben Colley, Mayor
Hazel Park

3-2-99

● City of Hamtramck

Resolution In Support Of Community Radio

WHEREAS, "community radio" allows for a small geographic area, such as Hamtramck, to have its own voices on the air, including community-related discussions and locally produced music; and

WHEREAS, community radio has been illegal since the 1970s; and WHEREAS, starting and operating a modern-day radio station is prohibitively expensive (hundreds of thousands of dollars) for an individual or small business; however, the technology exists where a small radio station can be started and operated for only a few thousand dollars; and

WHEREAS, hundreds of community radio station have been operating over the past several years to support local musicians and local talent; and

WHEREAS, the Federal Communications Commission is currently in the process of accepting public input on the re-legalization of community radio, Mass Media Bureau's Docket No. MM99-25; and WHEREAS, MM99-25 will not interfere with existing broadcasters, nor even reserve a portion of the broadcast spectrum for community service, but will simply allow community groups and business owners to apply for broadcast licenses, a right currently enjoyed by only the most wealthy and powerful groups in our society; and WHEREAS, the Michigan Music is World Class campaign is actively involved in creating an awareness of the great music being produced in our state; and

WHEREAS, it is the Campaign's belief that community radio will be a boon to local economies, including the local music industry, by creating a demand for locally produced music that will benefit musicians, artists, manufacturers, record stores, music stores, and recording studios; and WHEREAS, the Michigan Music is World Class campaign recently gathered 3,000 letters in support of HR379 and SR234, resolutions in the Michigan House and Senate in favor of community

radio; and WHEREAS, the Michigan Music is World Class campaign is asking cities and the State of Michigan to urge the FCC to re-legalize community radio via non-binding Council resolutions; and WHEREAS, the cities of Detroit, Ferndale, and Hazel Park have already passed non-binding, City Council resolutions supporting the adoption by the Federal Communications Commission of MM99-25;

NOW, THEREFORE BE IT RESOLVED, that the Common Council of the City of Hamtramck go on record in support of community radio and urge the Federal Communications Commission to adopt MM99-25; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Federal Communications Commission, to the Honorable Representative Carolyn Cheeks-Kilpatrick, and to the Michigan Music is World Class Campaign. Adopted unanimously.

3-3-99

● City of Ann Arbor

Resolution in Support of New Licenses for Low Power FM Community Radio
WHEREAS, the City of Ann Arbor is committed to the principles of free speech guaranteed in the First Amendment to the United States Constitution; and

WHEREAS, citizens of our community hold the broadcast airwaves to be public property and a public trust; and

WHEREAS, the Federal Communications Commission (FCC) has not made affordable, Low Power (<100 watts) FM broadcast frequencies available for community use since 1978 when regulatory changes eliminated Class D FM licenses for less than 100 watts of power; and

WHEREAS, the passage of the Telecommunications Act of 1996 has led to an unprecedented consolidation of broadcast industry ownership, and a marked decrease in both local and minority ownership of radio stations and origination of programming; and

WHEREAS, the rights of free speech and a free press are threatened when access to communications media is concentrated in the hands of the few; and WHEREAS, the Ann Arbor community has already demonstrated its commitment to local access through its long-term and enthusiastic support for the local community access television, Community Television Network, and its local low power radio station, WCBN; and

WHEREAS, the FCC is now hearing public comment on a proposal to once again offer simple, affordable, commercial and non-commercial Low Power FM broadcast licenses (FCC's MM Docket No. 95-25); and

WHEREAS, commercial and non-commercial radio stations operating under such a license could provide a community voice to individuals, musicians, artist, writers, activists, students, and points of view which are presently economically barred from access to their own abovementioned airwaves; and

WHEREAS, issuance of said licenses would constitute a net benefit to the social, cultural, and political life of Ann Arbor and its citizens, and to communities across the state of Michigan and the U.S.;

Therefore be it Resolved, that the City of Ann Arbor supports the concept of Low Power radio stations, and urges the FCC to fulfill its mandate as guardian of a public resource, and to enact a licensing regulation to grant affordable, simple, commercial and non-commercial broadcast licenses to citizens of this and other communities in this country;

And be it Further Resolved, that the City of Ann Arbor supports the efforts of those who endeavor to advocate such regulatory change, and to enrich the life of our diverse community through legally establishing commercial and non-commercial public-access radio outlet;

And be it Finally Resolved, that copies of this resolution shall be sent to FCC Chairman William Kennard, to Michigan Senators Spencer Abraham and Carl Levin, Congresswoman Lynn Rivers, and

to Ann Arbor's representatives in Lansing, with the request that they support the FCC's proposal to reintroduce Low Power FM radio broadcasting to our country.

Submitted by Council Members Daley and Kolb March 1, 1999
Adopted March 3, 1999.

● City of Howell

Resolution No. 99-07
WHEREAS, the Federal Communications Commission (hereinafter referred to as "FCC") stopped issuing new Class D broadcasting licenses, which licenses were for operations with use of 100 watts of power or less on FM bands;

WHEREAS, the ban on the issuance of Class D broadcasting licenses has been in force and effect over the term of the last 20 years, in part to prevent the orderly development of FM radio and potential difficulties to the efficient operation of those FM stations serving a greater number of people and with a considerably higher wattage;

WHEREAS, the concerns that were set out by the FCC in the past have not developed and as a result, a change in FCC policies has been requested by virtue of a movement to re-institute Class D licenses and for community radio, otherwise known as low power FM radio service;

WHEREAS, the Howell City Council believes that the re-institution of low power FM radio service will be, in fact, a worthwhile public service providing diversity of ownership, public choice, business promotion and communications reflecting the needs and character of the community both in and surrounding the City of Howell.

NOW THEREFORE, BE IT RESOLVED that the Howell City Council requests and encourages the FCC to restore approval for low power FM radio service and/or broadcasting pursuant to the current petition otherwise known as RM-9242, as amended through the rule-making process.

IT IS FURTHER RESOLVED that copies of this Resolution shall be transmitted immediately by the City Clerk to the FCC.

● Washtenaw County

A Resolution in Support of Low Power FM Radio Services and/or Broadcasting Washtenaw County Board of Commissioners
WHEREAS, the County of Washtenaw is committed to the principles of free speech guaranteed in the First Amendment to the United States Constitution; and
WHEREAS, the Federal Communications Commission (FCC) has not made affordable, Low Power (less than 100 watts) FM broadcast frequencies available for community use since 1978 when regulatory changes eliminated Class D FM licenses for less than 100 watts of power; and
WHEREAS, the passing of the Telecommunications Act of 1996 has led to an unprecedented consolidation of broadcast industry ownership and a marked decrease in both local and minority ownership of radio stations and originations of programming; and
WHEREAS, the rights of free speech and a free press are threatened when access to communication media is concentrated in the hand of the few; and
WHEREAS, the FCC is now hearing public comment on a proposal to offer simple, affordable, commercial and non-commercial Low Power FM broadcast licenses (FCC's MM Docket No. 99-25); and
WHEREAS, commercial and non-commercial radio stations operating under such a license could provide a community voice to individuals, musicians, artists, writers, activists, students and points of view which are presently economically barred from access to their own above-mentioned airwaves; and
WHEREAS, issuance of said licenses would constitute a net benefit to the social, cultural and political life of Washtenaw County and its citizens; and
WHEREAS, Washtenaw County is committed to enhancing public awareness of current events and issues by advocating for the creation of low power FM radio stations in Washtenaw County
NOW THEREFORE BE IT RESOLVED that the Washtenaw County Board of Commissioners hereby supports the concept of low power radio stations and urges the FCC to fulfill its mandate as guardian of a public resource and to enact a licensing regulation to grant affordable, simple, commercial

and non-commercial broadcast licenses to its citizens.
BE IT FURTHER RESOLVED that the Board of Commissioners directs the County Clerk to forward copies of this resolution to the representatives of Washtenaw County and the Michigan Association of Counties.

**RESOLUTION IN SUPPORT OF NEW LICENSES
FOR LOW POWER FM COMMUNITY RADIO**

Whereas, The City of Ann Arbor is committed to the principles of free speech guaranteed in the First Amendment to the United States Constitution; and

Whereas, Citizens of our community hold the broadcast airwaves to be public property and a public trust; and

Whereas, The Federal Communications Commission (FCC) has not made affordable, Low Power (<100 watts) FM broadcast frequencies available for community use since 1978 when regulatory changes eliminated Class D FM licenses for less than 100 watts of power; and

Whereas, The passage of the Telecommunications Act of 1996 has led to an unprecedented consolidation of broadcast industry ownership, and a marked decrease in both local and minority ownership of radio stations and origination of programming; and

Whereas, The rights of free speech and a free press are threatened when access to communications media is concentrated in the hands of the few; and

Whereas, The Ann Arbor community has already demonstrated its commitment to local access through its long-term and enthusiastic support for the local community access television, Community Television Network, and its local low power radio station, WCBN; and

Whereas, The FCC is now hearing public comment on a proposal to once again offer simple, affordable, non-commercial Low Power FM broadcast licenses (FCC's MM Docket No. 95-25); and

Whereas, Non commercial radio stations operating under such a license could provide a community voice to individuals, musicians, artists, writers, activists, students, and points of view which are presently economically barred from access to their own above-mentioned airwaves; and

Whereas, Issuance of said licenses would constitute a net benefit to the social, cultural, and political life of Ann Arbor and its citizens, and to communities across the state of Michigan and the U.S.;

Therefore be it Resolved, That the City of Ann Arbor supports the concept of Low Power radio stations, and urges the FCC to fulfill its mandate as guardian of a public resource, and to enact a licensing regulation to grant affordable, simple, commercial and non-commercial broadcast licenses to citizens of this and other communities in this country; and

Be it Further Resolved, That the City of Ann Arbor supports the efforts of those who endeavor to advocate such regulatory change, and to enrich the life of our diverse community through legally establishing a commercial and non-commercial public-access radio outlet; and

Be it Finally Resolved, That copies of this resolution shall be sent to FCC Chairman William Kennard, to Michigan Senators Spencer Abraham and Carl Levin, Congresswoman Lynn Rivers, and to Ann Arbor's representatives in Lansing, with the request that they support the FCC's proposal to reintroduce Low Power FM radio broadcasting to our country.

A RESOLUTION TO URGE THE
FEDERAL COMMUNICATIONS
COMMISSION (F.C.C.) TO RESTORE
APPROVAL FOR LOW-POWER FM
RADIO BROADCASTING

By COUNCIL MEMBER MAHAFFEY:

WHEREAS, In 1978 the Federal Communications Commission (F.C.C.) ended its licensing of low-power radio stations (Class D broadcasting licenses to stations of less than 100 watts) reducing overall the number of locally based radio stations in service to local communities. Since that rule change, other factors such as increased consolidation within the radio broadcast market has contributed to a significant reduction in the number of community responsive radio services; and

WHEREAS, Nationally, a grassroots movement has emerged for the purpose of advocating F.C.C. reinstatement of licensing of low-power radio stations. Their efforts has resulted in a formal rule making petition before the F.C.C., RM-9242 that would create opportunities for the return of locally owned and responsive FM radio stations for communities; and

WHEREAS, Re-legalization of low-power radio stations would serve to increase local media presence and ownership, promote small business development and broadcast entrepreneurship, increase community choice and allow for communication services that are responsive to the needs of local communities;
NOW THEREFORE BE IT

RESOLVED, The Detroit City Council urges the Federal Communications Commission to restore approval for low-power FM radio broadcasting. The Detroit City Council joins the Michigan Senate (SR 234), the Michigan House of Representatives (HR 379) and the many grassroots organizations in seeking F.C.C. adoption of petition RM-9241 to restore low-power FM radio broadcasting;
BE IT FURTHER

RESOLVED, That copies of this resolution be sent to the Federal Communications Commission, the entire Michigan Congressional Delegation and the City's lobbyist, Nancy Barbour.

I, PHYLLIS L. COOK, CITY CLERK OF THE CITY OF ECORSE, WAYNE COUNTY, MICHIGAN, DO HEREBY CERTIFY THAT THE ABOVE IS A FULL AND TRUE COPY OF A RESOLUTION ADOPTED BY THE MAYOR AND COUNCIL OF THE CITY OF ECORSE AT A REGULAR MEETING HELD UNDER DATE OF APRIL 20, 1999.

CITY CLERK

DATED: ECORSE, MICHIGAN,
APRIL 21, 1999.

CITY OF FARMINGTON

RESOLUTION NO. 06-99-158

Motion by McShane, seconded by Hartsock, to adopt the following resolution:

WHEREAS, in 1978 the Federal Communications Commission stopped licensing low power radio stations.

WHEREAS, a national movement has emerged for these low power radio stations and, as a result, Petition RM 9242 is currently pending before the F.C.C.

IT IS THEREFORE RESOLVED BY THE CITY OF FARMINGTON that the Farmington City Council urges the F.C.C. to restore and approve low power FM radio broadcasting, and joins the Michigan Senate (SR 234) and the Michigan House of Representatives (HR 379) in this request.

MOTION CARRIED UNANIMOUSLY.

PATSY K. CANTRELL, CITY CLERK/TREASURER

.....
I, Patsy K. Cantrell, duly authorized City Clerk/Treasurer for the City of Farmington, do hereby certify that the foregoing is a true and correct copy of a resolution adopted by the Farmington City Council at a regular meeting held on Monday, June 7, 1999, in the City of Farmington, Oakland County, Michigan.

Patsy K. Cantrell, City Clerk/Treasurer

CITY OF FERNDALE
RESOLUTION

Moved by Councilman Porter, seconded by Councilwoman Kulick, to adopt the following Resolution:

For many years, low power radio stations filled a unique niche in the communications needs of local communities. These operations, which used less than 100 watts of power, were licensed as Class D FM stations; and

In 1978, the Federal Communications Commission made a policy decision to stop licensing low power radio stations. This decision was based on concerns that low power radio stations were a hindrance to the orderly development of FM radio and a potential impediment to the efficient operation of facilities serving greater numbers of people; and

In recent years, the rate of consolidation in the radio broadcast market has increased. As a result, far fewer locally based radio stations have programming that serves their communities. These concerns have prompted many people to promote a change in FCC policies. A petition of rulemaking, which proposes the reestablishment of low power FM broadcast services, is currently under consideration; and

Allowing low power FM radio to return to the airwaves will achieve several worthwhile goals in communications options open to people in our country. These community radio services will increase the local presence in the media, increase diversity of ownership, provide more choices to the public, offer new opportunities in business, and promote communications that better reflect the character and needs of our communities.

NOW, THEREFORE BE IT RESOLVED, that we, Ferndale's elected officials, encourage the Federal Communications Commission to restore approval for low power FM radio broadcasting.

BE IT FURTHER RESOLVED, that copies of this Resolution be transmitted to the Federal Communications Commission.

AYES: Council Members Porter, Paczkowski, Warshay, Kulick; Mayor Goedert
NAYS: None
MOTION CARRIED

I, Lee Ann O'Connor, Clerk of the City of Ferndale, do hereby certify that the foregoing is a true and compared copy of a Resolution duly made and passed by the Ferndale City Council at a meeting held January 25, 1999.

CITY OF HAMTRAMCK COUNCIL RESOLUTION
IN SUPPORT OF COMMUNITY RADIO

Resolution by Councilmember Kwik.

WHEREAS, "community radio" allows for a small geographic area, such as Hamtramck, to have its own voices on the air, including community-related discussions and locally produced music; and

WHEREAS, community radio has been illegal since the 1970s; and

WHEREAS, starting and operating a modern-day radio station is prohibitively expensive (hundreds of thousands of dollars) for an individual or small business; however, the technology exists where a small radio station can be started and operated for only a few thousand dollars; and

WHEREAS, hundreds of community radio stations have been operating over the past several years to support local musicians and local talent; and

WHEREAS, the Federal Communications Commission is currently in the process of accepting public input on the re-legalization of community radio, Mass Media Bureau's Docket No. 99-25; and

WHEREAS, MM Docket No. 99-25 will not interfere with existing broadcasters, nor even reserve a portion of the broadcast spectrum for community service, but will simply allow community groups and business owners to apply for broadcast licenses, a right currently enjoyed by only the most wealthy and powerful groups in our society; and

WHEREAS, the Michigan Music is Class campaign is actively involved in creating an awareness of the great music being produced in our state; and

WHEREAS, it is the Campaign's belief that community radio will be a boon to local economies, including the local music industry, by creating a demand for locally produced music that will benefit musicians, artists, manufacturers, record stores, music stores, and recording studios; and

WHEREAS, the Michigan Music is World Class campaign recently gathered 3,000 letters in support of HR379 and SR234, resolutions in the Michigan House and Senate in favor of community radio; and

WHEREAS, the Michigan Music is World Class campaign is asking cities and the State of Michigan to urge the FCC to re-legalize community radio via non-binding Council resolutions; and

WHEREAS, the cities of Detroit, Ferndale, and Hazel Park have already passed non-binding, City Council resolutions supporting the adoption by the Federal Communications Commissions of MM Docket No. 99-25;

NOW, THEREFORE, BE IT RESOLVED, that the Common Council of the City of Hamtramck go on record in support of community radio and urge the Federal Communications Commission to adopt MM Docket No. 99-25; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Federal Communications Commission, to the Honorable Representative Carolyn Cheeks Kilpatrick, and to the Michigan Music is World Class Campaign.

Supported by Councilmember Boluk.

Carried by the following vote:

Yeas: Councilmembers Boluk, Kwik, Phillips, Wozniak and Witkowski.

Nays: None.

Absent: None.

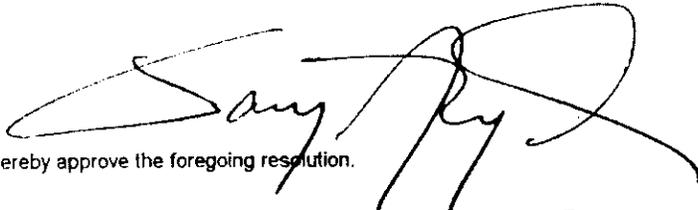

I HEREBY CERTIFY That the above and foregoing is a full, true and complete copy of a resolution adopted by the Common Council of the City of Hamtramck at a regular meeting held in the Council Chambers located at 3401 Evaline Street, in said City upon Tuesday the 2nd day of March, 1999, at 7:00 o'clock p.m.

I hereby approve the foregoing resolution.

Gary Zych, Mayor
