

DOCKET FILE COPY ORIGINAL

July 29, 1999

**Before the
Federal Communications Commission
Washington, D.C. 20554**

In the matter of

MM Docket No. 99-25

Creation of a Low
Power Radio Service

RM-9208
RM-9242

I own and operate a small market radio station in Northwest Michigan. Traverse City is a town of 17,500 people. We now have 14 radio stations and 4 television stations selling advertising in Traverse City. If low power FM were allowed to broadcast a signal in the Traverse City Area I feel the market would not bear the new stations and would further depress the already saturated crunch for ad dollars.

I am not an Engineer, but am told there could be possible interference to signals that now broadcast to Northwest Michigan. I would therefore ask the commission to deny the Proposal LPFM.

Thanking you in advance for your NO vote.

Sincerely,

Donald J. Wiitala
PRESIDENT/OWNER
SUNNY-102 WLDL
