Statement Of **JOHN R. BENJAMIN AND CHARLES COPLIEN**
In Opposition To Greater Media's Deadline Extension Request

Although Greater Media has not notified us directly, we understand that it has filed for an Extension of the Reply Comments deadline.

After ALL of the Extensions which have ALREADY been granted, we cannot imagine how ANOTHER Extension could POSSIBLY be justified.

Again this seems like another excuse "the dog ate our home work"

We can see no reason why the extension should be granted,

All of JOHN R. BENJAMIN AND CHARLES COPLIEN comments were filed on time.

We would like to see LPFM deployed at the earliest time frame as possible.

In conclusion we hope the commission will **deny this extension.**

Respectfully submitted

JOHN R. BENJAMIN
