Statement Of SPENCER GRADY CLARK
In Opposition To Greater Media's Deadline Extension Request

Although Greater Media has not notified me directly, I understand that
it
has filed for an Extension of the Reply Comments deadline.

After ALL of the Extensions which have ALREADY been granted, I cannot
imagine how ANOTHER Extension could POSSIBLY be justified.
Again this seems like another excuse "the dog ate our home work"
I can see no reason why the extension should be granted,
All of SPENCER GRADY CLARK's comments were filed on time.
I would like to see LPFM deployed at the earliest time frame as possible.
In conclusion I hope the commission will deny this extension.

Respectfully submitted,

SPENCER GRADY CLARK
