

PO Box 3333 Minneapolis MN 55403 • 391-BEAT • www.beatworld.com

June 28, 1997

We, the undersigned, petition the Federal Communications Commission (FCC) to reverse its ban on low power FM broadcasting (LPFM) and establish a viable LPFM service that will provide a licensing structure for stations such as Beat Radio to exist legally and serve their communities of license with desired programming unserved by other broadcast operators.

As listeners to Beat Radio, we protest the action taken by the FCC to close Beat Radio, in view of the FCC's current licensing structure which prevents Beat Radio from applying to and being granted by the FCC an FM license for operation at under 100 watts. This policy deprives us, members of the greater Minneapolis community, of our Constitutional First Amendment right to listen to free speech.

We, the undersigned, petition the Federal Communications Commission (FCC) to reverse its ban on low power FM broadcasting (LPFM) and establish a viable LPFM service that will provide a licensing structure for stations such as Beat Radio to exist legally and serve their communities of license with desired programming unserved by other broadcast operators.

As listeners to Beat Radio, we protest the action taken by the FCC to close Beat Radio, in view of the FCC's current licensing structure which prevents Beat Radio from applying to and being granted by the FCC an FM license for operation at under 100 watts. This policy deprives us, members of the greater Minneapolis community, of our Constitutional First Amendment right to listen to free speech.
