Washington, DC 20554

Dear Commissioners:

On behalf of our Foundation I should like to add my voice of support to the FCC proposal of licensing new Low Power FM stations. It would appear to me however, that micro-managing microradio stations borders on excessive authority that might hinder rather than help to promote the broadest cross-section of public opinion.

Please accept my grateful appreciation for soliciting the opinions of the public in general regarding this matter.

Respectfully,

Perry Rosenstein
President
