Dear Committee:

As s Director of a retirement community **we support** your initiative to restore community radio with the reintroduction of micro radio broadcasting. **Low Power FM Radio** will assist our residents in rediscovering the Golden Age of Broadcasting. Area radio stations are meeting the needs of those active adults over the age of 55. There should be alternate formats to the alternate music. Please don't continue to let a few conglomerates continue to dominate 80% of the terrestrial licenses. Radio needs to become again the **Heartbeat of the Community**.

Sincerely,

Dan McCoy
