This is a letter of a concerned citizen, as in formal as it may be. I am Chuck Holding a freshmen at the University of Oregon. I study physics and political science. I vote. I research topics that are pertinent to my life. This brings me to this letter. I want to tell someone that I don't want underground radio to be illegal. I believe someone should know. I email Binh T. Nguyen, he brushed me off and said I should contact you. I will understand if again I am ignored, but I won't quit. There IS a portion of the populatio that agree with me. We want to be free to express ideas and music on the airwaves.

The music industry oppresses underground music. Commercial Radio and Record Labels don't make it easy for new bands to get heard. Please take these views into consideration as you make more restrictions.

Respectfully
Charles Holding
