

To whom it may concern:

As a student enrolled in the Walter Cronkite School of Broadcasting at Arizona State University, I like to keep on top of current events happening in the broadcasting industry. Upon hearing about your proposal for LPFM, I became very excited about the doors that this proposal would open. I believe that LPFM would be very beneficial to many or all communities around the country and would be used to its fullest extent possible. As a member of the community and a member of the broadcasting industry, I would urge you to please allow LPFM to come into use.
