The Main Objective of the Communications Act's are

FIRST, BEFORE A FCC LICENSE WILL BE GRANTED"
The NAB and The FCC
Have used
improperly,misapplied,and treated badly the
Communications Acts, Aganist
the Communities of the United States.

Regress All NAB Stations to 10 to 3000 Watts to serve the License of
Their Community.

The Communications Act
Philosophical and Legal Foundations of Commercial Radio

The basic landmark agreement between commercial radio
and the people of the
United States was
established in the Communications Act of 1934 and has
become the unifying
thread of all
telecommunications laws since then. The basic agreement was
actually
established in the years before.

This important law established basic philosophical
principles:
The airways are public property.
Commerical broadcasters are liscensed use the airways.
The main condition for use will be whether the broadcaster
served "the
public community interest, convenience,
and necessity."

"Community Interest"

A group of people living together and having
interests,work,etc., in

common,and a right or claim to something,a share in
something,anything in
which one participates or has a share.
