Re: Comments on low-power FM radio -- MM Docket 99-25

Dear Secretary:

In response to your comments on the proposed rules regarding low-power FM radio, we believe that the rules are justified and will be a great service to the American public because more local programs can be broadcast and adapted to local audiences. We would therefore encourage you to move ahead full-speed and adopt the low-power FM radio rules so that cities all across America can enjoy a wider selection of FM radio.

We appreciate your giving us the opportunity to comment on the proposed rules.

Very truly yours,

3-M REAL ESTATE
