

Ladies and Gentlemen:

We are a small record label. We have great difficulty getting radio exposure for our artists, and we believe existing commercial FM radio is too homogenous. We are interested in establishing a LPFM station to expand the mix of music available to radio listeners in our market (Little Rock, AR), and to obtain exposure for the artists on our label.

Accordingly, we urge you NOT to limit LPFM to non-profit entities.

Thank you.

Matt Barker
